CGI - a typical Lewis homestyle

“The finish in the house is great.
The storage in the houses is great.
The room sizes are good for a new
build home and there aren't many
things you have to add as an extra.
A lot of things come as standard.”

Kitchens

Busy homes make bigger demands, so we've taken the pressure off meal times with quality appliances. Friends or family gathering? Cater for even the largest dinner party and, with a built in dishwasher, clean up in no time.

We all have our 'Where can we put that?' moments. Our utility room provides every family with the perfect hideaway.

Bedrooms

With generous proportions the main bedroom can be your go-to sanctuary. The addition of luxurious en suites put an end to morning rush hour queues for the family bathroom.

Bathrooms

Wake up with a shower or wind down in a relaxing bath in your Laufen designer bathroom, complete with full-height Porcelanosa tiling, chrome towel warmers and practical storage space.

External

As soon as the sun appears our outdoor spaces are good to go. Last minute BBQ's are no problem with a generous patio, external taps and 1.8m privacy fence.

Security

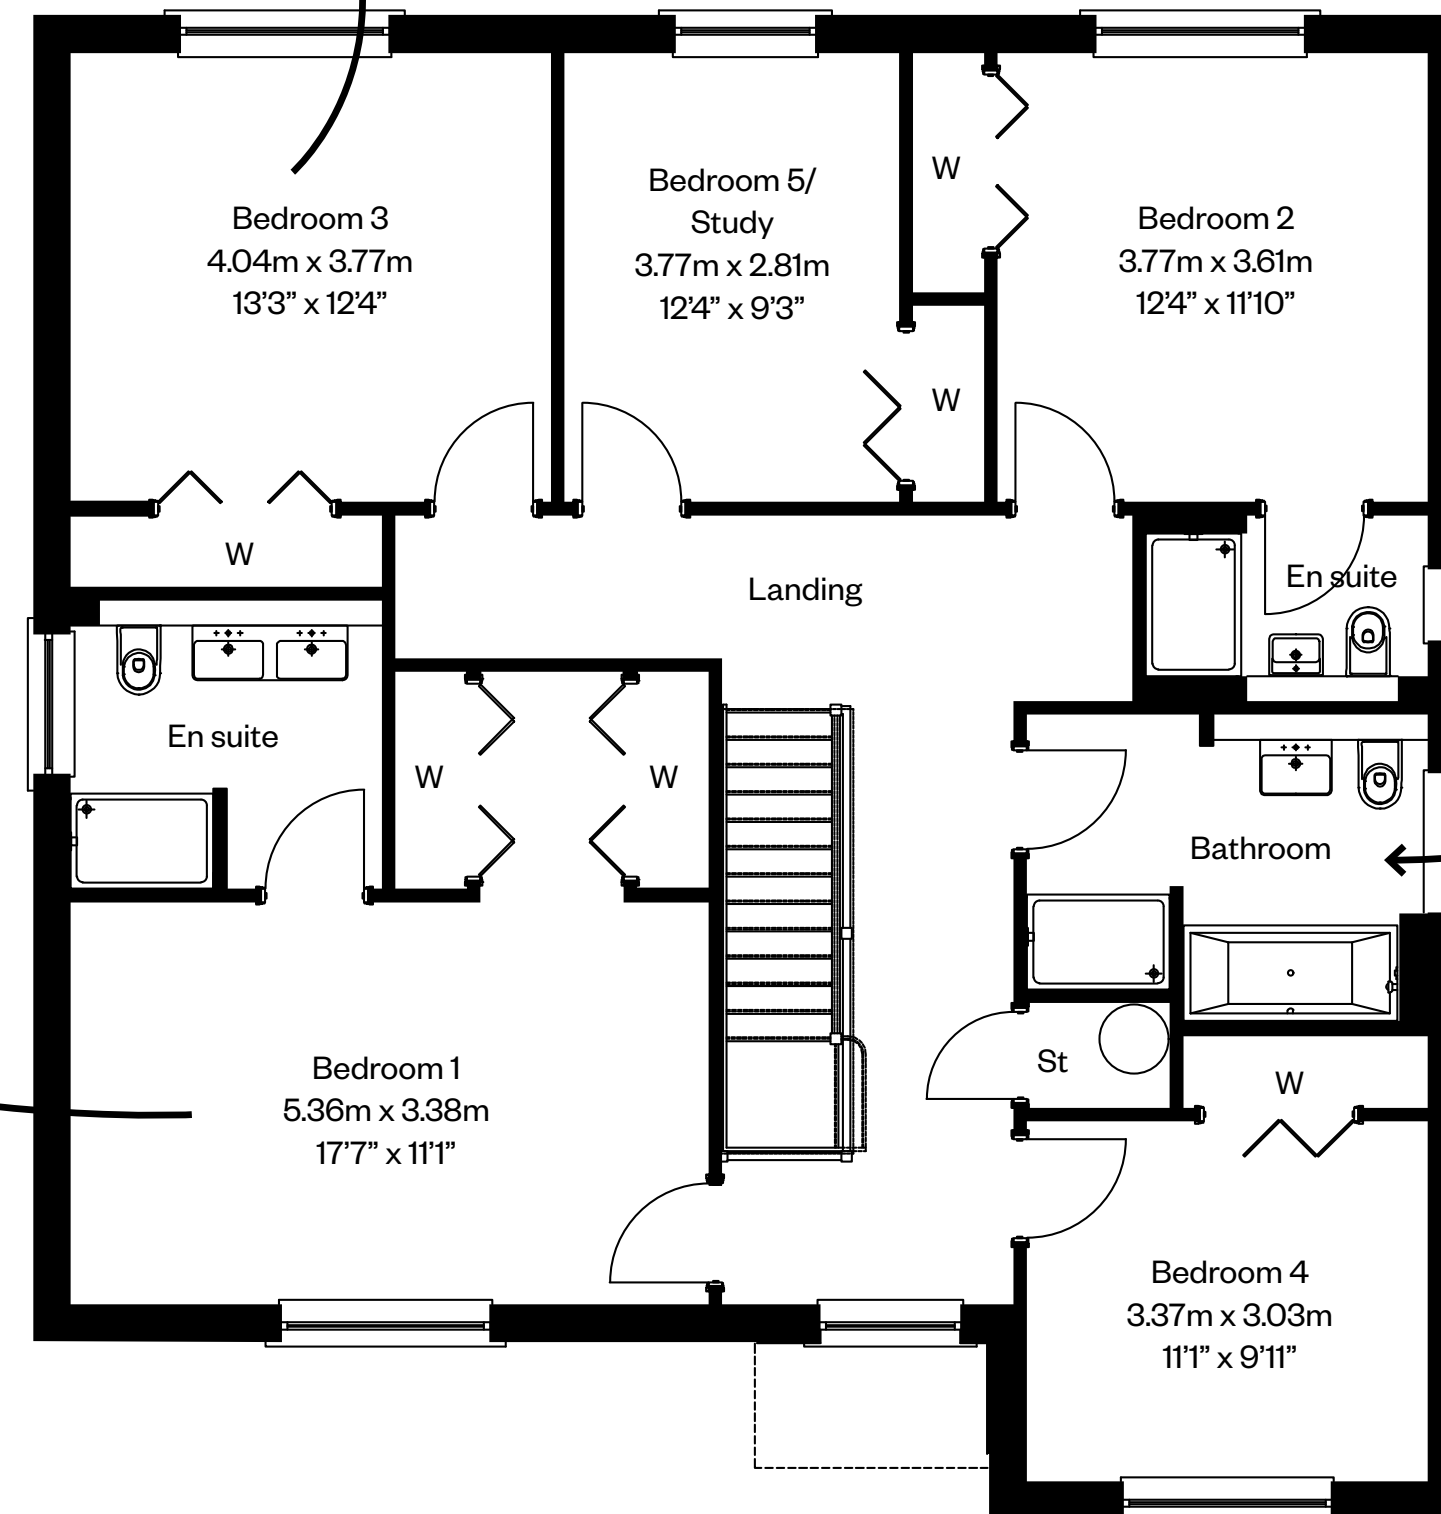

It should come as no surprise to learn that your safety and security are our priority and that's why every home comes with an alarm system, mains-wired smoke detectors and battery operated CO detectors.
